## GREAT MEETING ASSURED

**Prospects for St. Joseph Democratic Rally October 1, Causes Jubilation Among Committee.**

Things sure do happen quickly among Missouri Democrats.

It was just last week that the papers all over the state announced that the Democrats of Missouri were preparing to have a great Democratic rally and conference at St. Joseph on the first day of October.

The meeting is already an assured success. The local committee at St. Joseph is jugilant. Eleven of the congressmen from Missouri have already accepted the invitation extended to them to be present at the meeting, and the committee believes that every one of them will be in St. Joseph on Champ Clark Day. Champ Clark will be the guest of honor.

Our senators Ston and Reed have not only accepted the invitation to be present themselves, but they are working together with the local committee at St Joseph to make it one of the greatest meetings the Democrats ever held in Missouri. Through them the local committee hopes to have Senator J. Hamilton Lewis of Illinois and Senator Ollie James of Kentucky, to take part in the conference, and address the Missouri Democracy.

Many counties in northern Missouri have organized and will take great delegations to the meeting. The committee in charge of the meeting has received letters from party men all over the state saying that they will be there.

The great meeting will have no selfish purpose; no individual political "booms" will be given preference. As soon as the visiting Democrats assemble, the local committee says that the meeting will be turned over to the guests to be managed by them for their pleasure and profit. Governor Major ex-Governors Francis, Stevens, Dockery and Folk will be there. Except for the fact that it will be a larger gathering the meeting will resemble an old-time Democratic convention. As was said by the St. Louis Republic of September 18:

"The purpose of the meeting is to bring the working Democrats of the state together that they may rub shoulders, discuss questions of interest to the Democratic party and become better acquainted. Since the abolition of the state convention, the Democratic party leaders and workers lack opportunity to mingle with each other.

"It is believed by the Democrats that the party has accomplished many things of which it has a right to feel proud and concerning which Democratic party leaders and active workers should have full information. It is expected that the speakers at the rally will give this information in an attractive form, so that party workers may be in a better position to disseminate it throughout the state. Those organizing this meeting have in view the beginning of a thorough educational campaign which we feel will increase Missouri's Democratic majority in 1916."

## SAW THE MONKEYS

LITTLE "FLOCK" OF AUTOS WENT TO ALBANY FOR CIRCUS TODAY.

## MORE THAN 25 IN PARTY

**Elephants and Acrobats Are So Attractive as to Draw for Thirty-Eight Miles It Seems.**

Elephants, monkeys and tight-wire walkers are great attractions. In fact they seem able to draw people at least thirty-eight miles as was shown this morning early when more than a half-dozen automobiles left Maryville for Albany loaded with people to see Ringling Brothers circus

They were not even willing to miss the parade and most of the cars got under way before 8 o'clock. Mr. and Mrs. C. A. Jensen and several friends were in one car. In another close behind were Mr. and Mrs. J. B. Robinson and family. Mr. and Mrs. Albert Neidel took Mr. and Mrs. Raymond Shroyer with them. William Edwards, Leo Atherton and J. H. Sewell drove auto busses. Happily seated in these cars were Perry Crandall, R. G. Sanders, J. A. Ford, Lawrence Lattin, B. J. Brummett, Glen Reece, Art Garten, Walter Shrubshell , A. T. Stinson, Frank Schumacker G. B. Holmes, Jr., Frank Garten, Robert Bramble, Emory Lee, K. P. Phares, Albert Kuchs, Carl Murray and Frank Reuillard.

It is reported that the roads between here and Albany are in fairly good shape but we may hear a very different story tomorrow. But what's the difference. They will have bought a sack of peanuts, have seen the "aerial daredevil," and have spent some money. Which is what money's for.

Too bad we couldn't all have gone or that Maryville didn't secure the attraction.

### BERLIN LIKES BALKANS.

**Germans Assert Both Bulgaria and Roumania Are Favorable to Them the Former Actively.**

Special to The Democrat-Forum.

Berlin, Sept. 21.—German officials asserted today that the Balkan situation has cleared up to their satisfaction. Bulgaria, they say, can be counted upon for active aid. The first indication of this was the removal of restrictions on goods to Turkey.

The Teutons are confident also that Roumania will remain benevolently neutral. This assertion came as a surprise as it has been believed that Roumania would ultimately ally herself with the entente.

Sophia dispatches to Berlin say that the Bulgarian army is being mobilized and another says that the Servian government has declared the Servian-Bulgarian frontier a district of the war zone.

**Fires Started by Aerial Bombs.—Another Railway Line Cut by Prince Leopold.**

Special to The Democrat-Forum.

Petrograd, Sept. 21.—Russian reports continue to be admissions of retreats. It was admitted today that the Germans had succeeded in bringing up their large guns nearer Dvinsk in spite of furious resistance by the Slav forces Dvinsk is being bombarded terrifically by the 42 centimeter guns.

Several fires have been started by bombs dropped by Teutonic air craft. Almost all of the civilian population has fled. The situation is regarded as critical by the Russian war office.

**Berlin Predicts Fall.**

Berlin, Sept. 21.—Von Hindenberg and his army are but seventeen miles from Dvinsk and advancing steadily. Meanwhile Prince Leopold has succeeded in cutting the railway line from Vilna to Rouno. The German war office announced today that the Russian Vilna army is being surrounded slowly but surely. Gains are claimed from Riga to the Pripet marshes.

A late dispatch from Petrograd says that the Vilna army of the Russians has escaped from the enveloping German forces and that the retreat was now proceeding under normal conditions.

## MISS OTIS ON CHINA

**Returned Missionary Says in Address at St. Joseph That Everywhere There is Extreme Poverty.**

Miss Dora Otis of Hopkins, spoke at the weekly luncheon of the social welfare workers at the St. Francis hotel in St. Joseph Monday. Miss Otis has spent five years in China, four as a missionary in Foochow and the last year of service as head of an industrial school for girls in Shanghai. The News-Press had the following about her talk:

Miss Otis chose for her subject, "Social Work Among the Chinese." She did not discuss the work done by foreigners in China, but that done by the Chinese themselves.

"In the different Chineses provinces the natives differ," said Miss Otis. "They are not alike in physical appearances, in mental and moral characteristics nor in the language they speak. But, everywhere, there is an extreme amount of poverty. The living wage of the coolie is $3 a month. Usually he has a large family and himself to support.

"Why are there so many poor people? Because the different localities are so thickly populated. There is one extra generation for every three generations in our country. Many of them are married young, when they are yet in the grammar school. They live on their parents and become dependents.

"The infant mortality is from 75 to 85 per cent. Tespite this fact the cities and country are greatly overpopulated, and there are many large families.

"China has many charitable institutions that have been established a number of years. The Chinese believe that if they do wrong they can atone for it by some good deed such as an act of charity. If they commie a terrible wrong they are convinced that they will be forgiven if they do something big in the way of establishing a charitable institution such as an orphan's home or the like."

Miss Otis told of how babies are cared for in one institution in Foochow. There are three buildings, two receiving stations and a third a kind of clearing house. This department places the babies in homes that can be found for them. In the sides of the receiving stations are small boxes that can be pulled out from the side walls and the baby placed in it. When this is done a bell rings. These boxes can only be used at night and are for those who do not care to disclose their identity.

The orphans' home in Foochow was the cleanest institution entirely in Chinese control that she visited in that city, Miss Otis said. The children there are taught some profitable trade and the girls are instructed in the art of cooking and keeping house.

They say however, that twenty-eight of the U-boats were caught in the nets of the English near the base.

CHILLY NIGHT STARTS SHIVERS AND SEARCHES FOR HEAVY DUDS

## FROSTS OVER KANSAS

**Mercury Dropped to 38 Here and Lower Places.—Winds Came From Montana Where It Was Cold.**

Hurried investigating trips were made to the bottom of the trunk last night when a breeze sprung up in the afternoon which felt as if it had come directly off Greenland's icy mountains. The minimum temperature recorded here last night was 38, according to J. R. Brink, official observer.

So in many a home this morning, Mother was appealed to for information as to the whereabouts of that winter underclothing. The odor of moth balls was also detected upon certain overcoats which came down town for the first time today. It is also rumored that numerous comforts and heavy quilts were resurrected last night.

The hay-feverite was happy for the smell of frost was in the air and the hope of pardon from the long sentence with the handkerchief grew strong. Other sniffers and sneezers of a genuine-cold variety were in evidence, however, and it is reported that one druggist unpacked his coughdrops.

**Frost Over Middle West.**

Kansas City, Sept. 21.—The entire middle west was caught in the chilly grasp of a northwest wind moving down from Montana where the temperature was near freezing. Central Kansas had a heavy frost with the mercury at 36 but the damage was slight.

The advance gives the French forces a new foothold from which they can threaten the German lines from Berryus to Rheims, according to the French war office.

## ENGLISH ASK FOR A HUGE BUDGET

**INCREASE OF FROM 30 TO 200 PER CENT ON ALL ARTICLES PROPOSED**

## SHE FACES DEFICIT OF OVER 6 BILLION

**Leaders Say That Nation Has a Colossal Task and That All Must Sacrifice Much.**

Special to The Democrat-Forum.

London, Sept. 21.—The heaviest tax of modern times was proposed by the new budget of the British government which was introduced into the house of parliament today. The budget in itself was by far the largest ever made by an English cabinet.

The levy was approved by the entire cabinet, however, before it was introduced into the house. Speakers including David Lloyd-George, Premier Asquith, and other leaders spoke in favor of the measure as necessary to finance the war.

The schedule of finances shows that England is facing a deficit of six and a half billion dollars under the present system. A colossal task faces the country as only one and a half billion is produced yearly in the present revenues.

Under the new budget it is proposed to increase the levy upon all articles from 30 to 200 per cent. It is asked that the whole British nation unite in a great sacrifice in order to make their contributions as large as possible.

Increase in all fom of taxation, including income taxes, inheiritances, and levies upon the large landed estates of even heavier nature are asked for.

**Announcement.**

We are authorized to announce Robert I. Young of Buchanan county, as a Democratic candidate for Congress from the Fourth district subject to the primary election to be held August 8, 1916.

The San Francisco exposition, they say, is a very taking thing.

The Russian duma, having been already damned, now seems to be doomed.

"What I would do if I were mayor" will be discussed by the ladies in their big special edition next Saturday. Get a copy and see if you want to elect one of them mayor next time.

By an agreement with Secretary Lansing the Russian government is to lift the embargo against exports to the United States. Hereafter goods from Russia will be consigned to the commerce department with the understanding that they will not be allowed to reach the countries with which Russia is at war.

"Senator Jim Reed," says the St. Joseph News-Press, "seems to have explained satisfactorily to the Democrats of Missouri, his tilts with the Wilson administration during the recent session of Congress, and to have struck a "keynote" in his advocacy of good state roads. It is almost a safe guess now that the senator will have no opposition for a renomination."

The way the state leaders among the Republicans have been getting together and planning to carray the state, as is their wont during off years, should encourage good Democrats to renew acquaintance and prepare for eventualities. Preparedness is not a bad thing in politics and the big meeting at St. Joseph October first will furnish an excellent opportunity for Democrats of this section to get together and warm up a little. This administration has accomplished so many good things that most of us will be benefitted by hearing our servants in high places give an account of their stewardship. Lets make Champ Clark day at St. Joe a big day both for St. Joe and Nodaway county.

An effort is being made by friends of Col. John T. Wayland of Kansas City to induce him to make the race for the democratic nomination for state auditor. The mention of his name in this connection seems to have met acordial response throughout the state and he has been commended with especial warmth by the newspapers of Howard county where he was reared and is best known. Mr. Wayland is a successful lawyer and at the present time is assistant sergeant at arms of the United States senate. He was a warm friend of the late William S. Cowherd and made speeches in more than one hundred counties in his interest when Mr. Cowherd ran for governor. He is a democrat of the simon pure type and is an excellent mixer and makes friends readily. His excellent qualifications are of course strengthened by his legal training and wide experience. He is a good campaigner and it is safe to predict that, if he decides to make the race, he will be a hard man to beat.

## CELEBRATING BIRTHOAYS

**Joseph Jackson, Sr., 73 Years Old Yesterday and His Son 31 Years Old Today.**

Joseph Jackson, Jr., cashier of the First National bank, is celebrating his thirty-first birthday today. His father celebrated his birthday anniversary yesterday, being 73 years old.

Mr. Jackson, Sr., located in Nodaway county in October, 1843, and has had an uninterrupted residence at and near Maryville of seventy-one years. He was born in Jefferson county, Ohio, a son of John Jackson, who in October 1843, located in Nodaway county, a mile and a half north of the site of Maryville. John Jackson was the first treasurer of Nodaway county. During the Civil war, Joseph Jackson served his entire time of enlistment in the state. He joined Kemble's regiment in 1861 and then enlisted in the Thirty-sixth regiment, Missouri State Militia, and in October, 1863, entered the volunteer service of the United States by enlistment in the Twelfth regiment of Missouri cavalry. Mr. Jackson was in the battles of Franklin and Nashville, and in the last mentioned famous engagement he was twice wounded while charging a Confederate battery at Spring Hill, receiving a shot in the right arm and losing his right leg. He was sent to the Franklin hospital and removed, when occasion was presented, to Nashville, Tenn., to Louisville, Kentucky, and to Jefferson Barracks, St. Louis, in turn. From the last named place he was furloughed and permitted to go home to regain his health if possible. He reported at the hospital again for duty in May, 1865, and was discharged from the service as orderly sergeant of Company F, Twelfth Regiment, Missouri Volunteer Infantry, July 3, following, and mustered out with that rank.

Upon his return home Mr. Jackson's disability incapacitated him from the work to which he was reared, and he was for a short time without employment. As an act of friendship for him, Dr. B. G. Ford, the county clerk of Nodaway county, resigned that Mr. Jackson might be appointed to that office. The county board acted in accordance with the arrangement and Mr. Jackson entered upon his duties September 1, 1865. In November of that year a special election was held to fill the unexpired term, and Mr. Jackson was chosen for the office. After serving through the remainder of the term he served for three full terms, of four years each, being elected in 1866, 1870 and 1874. In July, 1873, he bought a third interest in the private bank of Fisher & French. In 1876 Mr. Fisher disposed of his interest to his partners and the Farmer's bank was organized and took the place of the original institution. In 1884 the First National Bank came into existence and Mr. Jackson has always been president of the institution.

Mr. Jackson, Jr., was born in Maryville and for the past several years, has been cashier of the bank. He is also a member of the board of directors of the Commercial club.

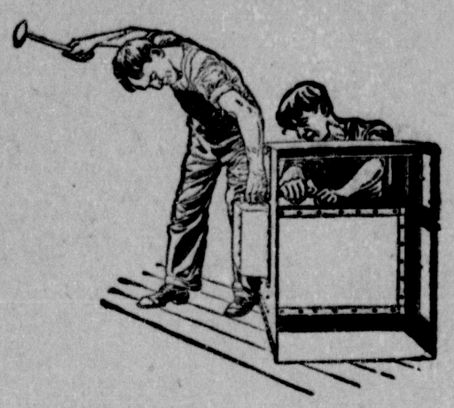
# MONARCH MALLEABLE RANGE

9 PIECE ALUMINUM SET FREE

## This is An Actual Photo of The Monarch in Course of Construction

Every door frame is Malleable iron, every angle bar is Malleable iron.



### The Body of the Monarch

The inside wall is annelled steel, the center wall is of asbestos stove board, the outer wall of American planished steel.

### What Is Malleable Iron?

The best soft gray cast iron anneled and when thoroughly anneled becomes the best heat transmitting and resisting iron used in range construction. Every joint in the Monarch is riveted and is gas and air tight. The rivets are of the same textial temperament as the material they hold together thus making the expansion equal. The construction of the fire box either makes or destroys the life and efficiency of the range and this is the MONARCH'S STRONGEST POINT. LET US SHOW YOU WHY.

This Entire Week, Until Saturday Evening September 25, we will give free with every Monarch Malleable Range purchased this set of Kitchen ware. Remember this opportunity is for One Week Only

# NEW STREET SIGNS

**FIRST, THIRD, MAIN AND BUCHANAN GET FIRST ALLOTMENT.**

## OTHERS WILL FOLLOW

**Blue Enameled with White Letters, They Will be Handsome as Well as Useful at the Corners.**

The stranger within our gates will not have to ask the name of the streets on four of Maryville's principal streets within a few days. Work was begun today in the placing of the signs. Only 204 will be put up at this time but more will follow soon.

First and Third are the east and west streets which will be adorned. Main and Buchanan are the favored thoroughfares north and south. These streets were selected by city engineer F. L. Flynt, as being the most important four streets.

The signs are a handsome blue enameled sheet iron with the letters in white. They will be placed on the corners of buildings in the business sections and wherever practicable. Special posts will be placed for them elsewhere.

The credit for getting the new street signs is given to the Commercial Club which started the agitation for the guides several months ago. Representatives went before the city council and asked for the appropriation.

**Mr. J .B. Robinson,**
Maryville, Mo.

Dear Sir: Some think we take a good deal of risk in inviting complaints of Devoe lead-and-zinc—we authorize our agent to sell it under this guarantee:

"If you have any fault to find with this paint, either now in putting it on, or hereafter in the wear, tell your dealer about it.

"We authorize him to do what is right at our expense."

The following story tells how little the risk is:

J. H. Asher & Co, hardware dealers, Rhinebeck, N. Y, have sold Devoe from '76 to now; have sold thousands of gallons and have had just one complaint in all this time.

Three sides of a house were perfect; the fourth was as bad as the three were good.

Explanation—It rained the night before the fourth side was painted; and the painters didn't wait for the wood to dry.

What is done in such a case? Whatever the dealer, who sold the paint, considers it fair to do. We leave it to him. He may not do exactly what we should do if we were there; but we are not there. The best we can do is to leave it to him. Yours truly,

F. W. DEVOE & CO.,
New York, Chicago and Kansas City.

P. S.—Koch's Pharmacy sells our paint.

# BEEF CATTLE CLOSED GOOD

**But Kansas City Market Is Well Supplied—Hogs Steady to Strong This Week.**

Special to The Democrat-Forum.

Kansas City Stock Yards, Sept 21.—Beef cattle closed last week good, advancing 15 to 25 cents after Tuesday. Stockers and feeders lost 15 to 35 cents during the week. Feeder outlet took some cattle at $7.75 to $8.60, and helped the general market. Today the supply is 23,000 head here, not enough to hurt, but Chicago has 25,000 cattle, and lower prices there caused weakness here on beef grades, weak to 10 lower early, but closing 10 to 15 lower on all but best grades.

Stockers and feeders started out at a fast pace today but soon weakened, and sales were barely steady. No prime cattle were here, but some choice cattle from the pasture district in Kansas, which had been fed a little on the grass, sold at $9 and $9.25, weighing 1,408 and 1,545 pounds, respectively. Other Kansas grass cattle sold at $7.35 to $8.45, but a good many cattle remained unsold at noon, with bids 10 to 15 lower than last week.

The supply in the quarantine division was largely mixed low priced stuff, a few Oklahoma steers at $6.25 to $6.60. Stocker and feeder demand is broadening, shipments last week over 30,000 head, heaviest this year. A large share of these were bought at the reduction in prices, and were well worth the money. This week will be another good time to buy, a large number of plain steers selling at $6 to $6.50, middle grades $6.75 to $7.25, best grades, except fancy cattle, $7.25 to $7.75.

Hogs sold sharply lower late last week, but the market is steady to strong today, receipts 6,000 head. Heavy hogs sold at $6.50 to $7.10, one lot of hogs weighing 252 pounds to an order buyer at $7.50, one lot of hogs weighing 210 pounds at the top, $7.75, light hogs $7.25 to $7.65. The market has been uneven recently, with order buyers consistent in the prices they paid as a rule, but packers showing an urgent need part of the time, and much indifference at other times.

Order buyers secured 8,600 hogs last week, which was 29 per cent of the total supply, a feature that accounts for the premium paid here above the other markets.

Sheep and lambs have been selling around steady since the middle of last week. Receipts today are 24,000 head, market strong. About five thousand lambs sold at the top price $8.35, middle class killers around $8.10, feeding lambs $7.75 to $8.15. More than one half the receipts are feeding lambs, which are 40 to 50 cents lower than a week ago. Receipts will begin to decrease in another week or two, and this is a good time to buy. Shipments to the country last week amounted to 43,000 head. Fat ewes are selling at $5.25 to $5.75, yearlings 25 to 50 lower than last week, around $6 today.

Instead she took Mayr's Wonderful Remedy and found swift relief. She wrote:

"I was a sufferer for about fifteen years and I tried everything. I doctored with different doctors, and each one would give my trouble a different name. One said that I would never be any better until I was operated on, and another one said I had ulcers of the stomach. I could get no relief.

"I took Mayr's Wonderful Remedy.

"Now I can't praise your medicine enough."

No more distress after eating, pressure of gas in the stomach and around the heart. **HOW ABOUT DIRT ROADS?**

**State Fair Will Answer Cheap Highway Question.**

Can a permanent earth road be made cheaply, and will a cheap road be permanent?

These problems in earth road building will be answered at the Missouri State Fair September 27, Good Roads Day. It has been pretty generally conceded that a permanent earth road can not be constructed for less than $1,000 a mile and experience has taught most road supervisors that the average cost for a permanent earth road is $1,100.

Now comes Col. John A. Hilliams, of Aurora, Mo., and proposes to construct in the State Fair grounds September 27 an earth road, saturated to a depth of 6 incehs with road oil, for from $325 to $400 a mile. Part of the road will be built through a bed of flint which crops out in the section to be scarified, graded, oiled and rolled. Col. Williams will guarantee the permanency of such a road and ctes the isame sort of a road which withstood the ravages of the floods at Pacific and Valley Park near St. Louis, a few weeks ago. A macadam road in the same section was ruined while the saturated road, built at a cost of little more than $350 was used the next day after the flood waters receded and will need no repairs whatever this year.

About five miles of typical earth roads will be built in the Missouri State Fair grounds September 27. Every road overseer, every county highway engineer, every good roads enthusiast and every state official has been invited to witness the road making demonstrations. They will eclipse anything ever seen in Missouri or the central west. B. C. Biggerstaff, superintendent of machinery, has signed six road machinery companies for the road demonstrations and twenty tractor concerns will furnish the power to draw the graders, scarifiers and other road machinery to be used in the demonstrations.

The pastor-elect, the Rev. William Moll Case, of the First Presbyterian church will be officially installed as pastor Wednesday night, September 29, the late pastor of the church, the Rev. Samuel D. Harkness of Kansas City, presiding at the installation service.

**Late Pastor to Preside.**

The installation service will be attended by a number of ministers of the presbytery and those having a part in the ceremony will be Mr. Harkness, now pastor of the Immanuel Presbyterian church of Kansas City, who will preside, propound the constitutional questions and preach the sermon.

Dr. Claggett of St. Joseph will offer the installation prayer and give the charge to the people and Dr. Brown of St. Joseph will deliver the charge to the pastor and offer the prayer of invocation. Dr. Brown is a former friend of Mr. Case and his part of the service will be of special significance.

## GREAT MEETING ASSURED

**Prospects for St. Joseph Democratic Rally October 1, Causes Jubilation Among Committee.**

Things sure do happen quickly among Missouri Democrats.

It was just last week that the papers all over the state announced that the Democrats of Missouri were preparing to have a great Democratic rally and conference at St. Joseph on the first day of October.

The meeting is already an assured success. The local committee at St. Joseph is jugilant. Eleven of the congressmen from Missouri have already accepted the invitation extended to them to be present at the meeting, and the committee believes that every one of them will be in St. Joseph on Champ Clark Day. Champ Clark will be the guest of honor.

Our senators Ston and Reed have not only accepted the invitation to be present themselves, but they are working together with the local committee at St Joseph to make it one of the greatest meetings the Democrats ever held in Missouri. Through them the local committee hopes to have Senator J. Hamilton Lewis of Illinois and Senator Ollie James of Kentucky, to take part in the conference, and address the Missouri Democracy.

Many counties in northern Missouri have organized and will take great delegations to the meeting. The committee in charge of the meeting has received letters from party men all over the state saying that they will be there.

The great meeting will have no selfish purpose; no individual political "booms" will be given preference. As soon as the visiting Democrats assemble, the local committee says that the meeting will be turned over to the guests to be managed by them for their pleasure and profit. Governor Major ex-Governors Francis, Stevens, Dockery and Folk will be there. Except for the fact that it will be a larger gathering the meeting will resemble an old-time Democratic convention. As was said by the St. Louis Republic of September 18:

"The purpose of the meeting is to bring the working Democrats of the state together that they may rub shoulders, discuss questions of interest to the Democratic party and become better acquainted. Since the abolition of the state convention, the Democratic party leaders and workers lack opportunity to mingle with each other.

"It is believed by the Democrats that the party has accomplished many things of which it has a right to feel proud and concerning which Democratic party leaders and active workers should have full information. It is expected that the speakers at the rally will give this information in an attractive form, so that party workers may be in a better position to disseminate it throughout the state. Those organizing this meeting have in view the beginning of a thorough educational campaign which we feel will increase Missouri's Democratic majority in 1916."

## SAW THE MONKEYS

LITTLE "FLOCK" OF AUTOS WENT TO ALBANY FOR CIRCUS TODAY.

## MORE THAN 25 IN PARTY

**Elephants and Acrobats Are So Attractive as to Draw for Thirty-Eight Miles It Seems.**

Elephants, monkeys and tight-wire walkers are great attractions. In fact they seem able to draw people at least thirty-eight miles as was shown this morning early when more than a half-dozen automobiles left Maryville for Albany loaded with people to see Ringling Brothers circus

They were not even willing to miss the parade and most of the cars got under way before 8 o'clock. Mr. and Mrs. C. A. Jensen and several friends were in one car. In another close behind were Mr. and Mrs. J. B. Robinson and family. Mr. and Mrs. Albert Neidel took Mr. and Mrs. Raymond Shroyer with them. William Edwards, Leo Atherton and J. H. Sewell drove auto busses. Happily seated in these cars were Perry Crandall, R. G. Sanders, J. A. Ford, Lawrence Lattin, B. J. Brummett, Glen Reece, Art Garten, Walter Shrubshell , A. T. Stinson, Frank Schumacker G. B. Holmes, Jr., Frank Garten, Robert Bramble, Emory Lee, K. P. Phares, Albert Kuchs, Carl Murray and Frank Reuillard.

It is reported that the roads between here and Albany are in fairly good shape but we may hear a very different story tomorrow. But what's the difference. They will have bought a sack of peanuts, have seen the "aerial daredevil," and have spent some money. Which is what money's for.

Too bad we couldn't all have gone or that Maryville didn't secure the attraction.

The above dispatch will be pleasing to the many friends in the city of Dr. Miller. He has served as a member of the board for the past five years, having been first appointed by Governor Hadley.

Dr. V. R. McCue who has been a member of the state board of pardons and paroles, resigned that position and was also appointed a member of the new state board of dental examiners.

### BERLIN LIKES BALKANS.

**Germans Assert Both Bulgaria and Roumania Are Favorable to Them the Former Actively.**

Special to The Democrat-Forum.

Berlin, Sept. 21.—German officials asserted today that the Balkan situation has cleared up to their satisfaction. Bulgaria, they say, can be counted upon for active aid. The first indication of this was the removal of restrictions on goods to Turkey.

The Teutons are confident also that Roumania will remain benevolently neutral. This assertion came as a surprise as it has been believed that Roumania would ultimately ally herself with the entente.

Sophia dispatches to Berlin say that the Bulgarian army is being mobilized and another says that the Servian government has declared the Servian-Bulgarian frontier a district of the war zone.

RUSSIANS ADMIT RETREATS AND GERMANS PREDICT CAPTURE.

## PEOPLE FLEE FROM CITY

**Fires Started by Aerial Bombs.—Another Railway Line Cut by Prince Leopold.**

Special to The Democrat-Forum.

Petrograd, Sept. 21.—Russian reports continue to be admissions of retreats. It was admitted today that the Germans had succeeded in bringing up their large guns nearer Dvinsk in spite of furious resistance by the Slav forces Dvinsk is being bombarded terrifically by the 42 centimeter guns.

Several fires have been started by bombs dropped by Teutonic air craft. Almost all of the civilian population has fled. The situation is regarded as critical by the Russian war office.

**Berlin Predicts Fall.**

Berlin, Sept. 21.—Von Hindenberg and his army are but seventeen miles from Dvinsk and advancing steadily. Meanwhile Prince Leopold has succeeded in cutting the railway line from Vilna to Rouno. The German war office announced today that the Russian Vilna army is being surrounded slowly but surely. Gains are claimed from Riga to the Pripet marshes.

A late dispatch from Petrograd says that the Vilna army of the Russians has escaped from the enveloping German forces and that the retreat was now proceeding under normal conditions.

## MISS OTIS ON CHINA

**Returned Missionary Says in Address at St. Joseph That Everywhere There is Extreme Poverty.**

Miss Dora Otis of Hopkins, spoke at the weekly luncheon of the social welfare workers at the St. Francis hotel in St. Joseph Monday. Miss Otis has spent five years in China, four as a missionary in Foochow and the last year of service as head of an industrial school for girls in Shanghai. The News-Press had the following about her talk:

Miss Otis chose for her subject, "Social Work Among the Chinese." She did not discuss the work done by foreigners in China, but that done by the Chinese themselves.

"In the different Chineses provinces the natives differ," said Miss Otis. "They are not alike in physical appearances, in mental and moral characteristics nor in the language they speak. But, everywhere, there is an extreme amount of poverty. The living wage of the coolie is $3 a month. Usually he has a large family and himself to support.

"Why are there so many poor people? Because the different localities are so thickly populated. There is one extra generation for every three generations in our country. Many of them are married young, when they are yet in the grammar school. They live on their parents and become dependents.

"The infant mortality is from 75 to 85 per cent. Tespite this fact the cities and country are greatly overpopulated, and there are many large families.

"China has many charitable institutions that have been established a number of years. The Chinese believe that if they do wrong they can atone for it by some good deed such as an act of charity. If they commie a terrible wrong they are convinced that they will be forgiven if they do something big in the way of establishing a charitable institution such as an orphan's home or the like."

Miss Otis told of how babies are cared for in one institution in Foochow. There are three buildings, two receiving stations and a third a kind of clearing house. This department places the babies in homes that can be found for them. In the sides of the receiving stations are small boxes that can be pulled out from the side walls and the baby placed in it. When this is done a bell rings. These boxes can only be used at night and are for those who do not care to disclose their identity.

The orphans' home in Foochow was the cleanest institution entirely in Chinese control that she visited in that city, Miss Otis said. The children there are taught some profitable trade and the girls are instructed in the art of cooking and keeping house.

**But English Caught Twenty-Eight Submarines In Nets Near Guernsey Island Passengers Say.**

Special to The Democrat-Forum.

New York, Sept. 21.—Passengers on steamers from Europe continue to tell of remarkable things which have not slipped by the watchful eye of the English censors. The latest startling statement is that the Germans established a submarine base on Guernsey Island in the English Channel.

They say however, that twenty-eight of the U-boats were caught in the nets of the English near the base.

## THE OVERCOATS OUT

CHILLY NIGHT STARTS SHIVERS AND SEARCHES FOR HEAVY DUDS

## FROSTS OVER KANSAS

**Mercury Dropped to 38 Here and Lower Places.—Winds Came From Montana Where It Was Cold.**

Hurried investigating trips were made to the bottom of the trunk last night when a breeze sprung up in the afternoon which felt as if it had come directly off Greenland's icy mountains. The minimum temperature recorded here last night was 38, according to J. R. Brink, official observer.

So in many a home this morning, Mother was appealed to for information as to the whereabouts of that winter underclothing. The odor of moth balls was also detected upon certain overcoats which came down town for the first time today. It is also rumored that numerous comforts and heavy quilts were resurrected last night.

The hay-feverite was happy for the smell of frost was in the air and the hope of pardon from the long sentence with the handkerchief grew strong. Other sniffers and sneezers of a genuine-cold variety were in evidence, however, and it is reported that one druggist unpacked his coughdrops.

**Frost Over Middle West.**

Special to The Democrat-Forum.

Kansas City, Sept. 21.—The entire middle west was caught in the chilly grasp of a northwest wind moving down from Montana where the temperature was near freezing. Central Kansas had a heavy frost with the mercury at 36 but the damage was slight.

Chicago thermometers registered 42 with Kansas City's official record three degrees higher. Rising temperature and fair skies are promised for tomorrow. The heaviest frost in Kansas was from Topeka to Concordia.

It is expected that the grand jury investigations of the accident, which caused the loss of almost a thousand lives, will be resumed tomorrow.

**Marne Canal Between the Aisne and Marne Rivers Is Recaptured.**

Special to The Democrat-Forum.

Paris, Sept. 21.—The French have finally succeeded in crossing the Marne canal which unites the Aisne and Marne rivers. The Germans have held this position grimly since their famous drive.

The advance gives the French forces a new foothold from which they can threaten the German lines from Berryus to Rheims, according to the French war office.

## ENGLISH ASK FOR A HUGE BUDGET

INCREASE OF FROM 30 TO 200 PER CENT ON ALL ARTICLES PROPOSED

## SHE FACES DEFICIT OF OVER 6 BILLION

**Leaders Say That Nation Has a Colossal Task and That All Must Sacrifice Much.**

Special to The Democrat-Forum.

London, Sept. 21.—The heaviest tax of modern times was proposed by the new budget of the British government which was introduced into the house of parliament today. The budget in itself was by far the largest ever made by an English cabinet.

The levy was approved by the entire cabinet, however, before it was introduced into the house. Speakers including David Lloyd-George, Premier Asquith, and other leaders spoke in favor of the measure as necessary to finance the war.

The schedule of finances shows that England is facing a deficit of six and a half billion dollars under the present system. A collosal task faces the country as only one and a half billion is produced yearly in the present revenues.

Under the new budget it is proposed to increase the levy upon all articles from 30 to 200 per cent. It is asked that the whole British nation unite in a great sacrifice in order to make their contributions as large as possible.

Increase in all fom of taxation, including income taxes, inheiritances, and levies upon the large landed estates of even heavier nature are asked for.

**Announcement.**

We are authorized to announce Robert I. Young of Buchanan county, as a Democratic candidate for Congress from the Fourth district subject to the primary election to be held August 8, 1916.

The San Francisco exposition, they say, is a very taking thing.

The Russian duma, having been already damned, now seems to be doomed.

"What I would do if I were mayor" will be discussed by the ladies in their big special edition next Saturday. Get a copy and see if you want to elect one of them mayor next time.

By an agreement with Secretary Lansing the Russian government is to lift the embargo against exports to the United States. Hereafter goods from Russia will be consigned to the commerce department with the understanding that they will not be allowed to reach the countries with which Russia is at war.

"Senator Jim Reed," says the St. Joseph News-Press, "seems to have explained satisfactorily to the Democrats of Missouri, his tilts with the Wilson administration during the recent session of Congress, and to have struck a "keynote" in his advocacy of good state roads. It is almost a safe guess now that the senator will have no opposition for a renomination."

The way the state leaders among the Republicans have been getting together and planning to carray the state, as is their wont during off years, should encourage good Democrats to renew acquaintance and prepare for eventualities. Preparedness is not a bad thing in politics and the big meeting at St. Joseph October first will furnish an excellent opportunity for Democrats of this section to get together and warm up a little. This administration has accomplished so many good things that most of us will be benefitted by hearing our servants in high places give an account of their stewardship. Lets make Champ Clark day at St. Joe a big day both for St. Joe and Nodaway county.

An effort is being made by friends of Col. John T. Wayland of Kansas City to induce him to make the race for the democratic nomination for state auditor. The mention of his name in this connection seems to have met acordial response throughout the state and he has been commended with especial warmth by the newspapers of Howard county where he was reared and is best known. Mr. Wayland is a successful lawyer and at the present time is assistant sergeant at arms of the United States senate. He was a warm friend of the late William S. Cowherd and made speeches in more than one hundred counties in his interest when Mr. Cowherd ran for governor. He is a democrat of the simon pure type and is an excellent mixer and makes friends readily. His excellent qualifications are of course strengthened by his legal training and wide experience. He is a good campaigner and it is safe to predict that, if he decides to make the race, he will be a hard man to beat.

## CELEBRATING BIRTHDAYS

**Joseph Jackson, Sr., 73 Years Old Yesterday and His Son 31 Years Old Today.**

Joseph Jackson, Jr., cashier of the First National bank, is celebrating his thirty-first birthday today. His father celebrated his birthday anniversary yesterday, being 73 years old.

Mr. Jackson, Sr., located in Nodaway county in October, 1843, and has had an uninterrupted residence at and near Maryville of seventy-one years. He was born in Jefferson county, Ohio, a son of John Jackson, who in October 1843, located in Nodaway county, a mile and a half north of the site of Maryville. John Jackson was the first treasurer of Nodaway county. During the Civil war, Joseph Jackson served his entire time of enlistment in the state. He joined Kemble's regiment in 1861 and then enlisted in the Thirty-sixth regiment, Missouri State Militia, and in October, 1863, entered the volunteer service of the United States by enlistment in the Twelfth regiment of Missouri cavalry. Mr. Jackson was in the battles of Franklin and Nashville, and in the last mentioned famous engagement he was twice wounded while charging a Confederate battery at Spring Hill, receiving a shot in the right arm and losing his right leg. He was sent to the Franklin hospital and removed, when occasion was presented, to Nashville, Tenn., to Louisville, Kentucky, and to Jefferson Barracks, St. Louis, in turn. From the last named place he was furloughed and permitted to go home to regain his health if possible. He reported at the hospital again for duty in May, 1865, and was discharged from the service as orderly sergeant of Company F, Twelfth Regiment, Missouri Volunteer Infantry, July 3, following, and mustered out with that rank.

Upon his return home Mr. Jackson's disability incapacitated him from the work to which he was reared, and he was for a short time without employment. As an act of friendship for him, Dr. B. G. Ford, the county clerk of Nodaway county, resigned that Mr. Jackson might be appointed to that office. The county board acted in accordance with the arrangement and Mr. Jackson entered upon his duties September 1, 1865. In November of that year a special election was held to fill the unexpired term, and Mr. Jackson was chosen for the office. After serving through the remainder of the term he served for three full terms, of four years each, being elected in 1866, 1870 and 1874. In July, 1873, he bought a third interest in the private bank of Fisher & French. In 1876 Mr. Fisher disposed of his interest to his partners and the Farmer's bank was organized and took the place of the original institution. In 1884 the First National Bank came into existence and Mr. Jackson has always been president of the institution.

Mr. Jackson, Jr., was born in Maryville and for the past several years, has been cashier of the bank. He is also a member of the board of directors of the Commercial club.

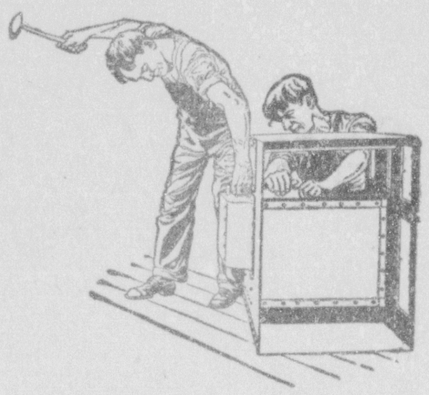
# MONARCH MALLEABLE RANGE

9 PIECE ALUMINUM SET FREE

## This is An Actual Photo of The Monarch in Course of Construction

Every door frame is Malleable iron, every angle bar is Malleable iron.



**The Body of the Monarch**

The inside wall is annelled steel, the center wall is of asbestos stove board, the outer wall of American planished steel.

### What Is Malleable Iron?

The best soft gray cast iron annealed and when thoroughly annealed becomes the best heat transmitting and resisting iron used in range construction. Every joint in the Monarch is riveted and is gas and air tight. The rivets are of the same textrial temperament as the material they hold together thus making the expansion equal. The construction of the fire box either makes or destroys the life and efficiency of the range and this is the MONARCH'S STRONGEST POINT. LET US SHOW YOU WHY.

This Entire Week, Until Saturday Evening September 25, we will give free with every Monarch Malleable Range purchased this set of Kitchen ware. Remember this opportunity is for One Week Only

## BEEF CATTLE CLOSED GOOD

**But Kansas City Market Is Well Supplied—Hogs Steady to Strong This Week.**

Special to The Democrat-Forum.

Kansas City Stock Yards, Sept 21.—Beef cattle closed last week good, advancing 15 to 25 cents after Tuesday. Stockers and feeders lost 15 to 35 cents during the week. Feeder outlet took some cattle at $7.75 to $8.60, and helped the general market. Today the supply is 23,000 head here, not enough to hurt, but Chicago has 25,000 cattle, and lower prices there caused weakness here on beef grades, weak to 10 lower early, but closing 10 to 15 lower on all but best grades.

Stockers and feeders started out at a fast pace today but soon weakened, and sales were barely steady. No prime cattle were here, but some choice cattle from the pasture district in Kansas, which had been fed a little on the grass, sold at $9 and $9.25, weighing 1,408 and 1,545 pounds, respectively. Other Kansas grass cattle sold at $7.35 to $8.45, but a good many cattle remained unsold at noon, with bids 10 to 15 lower than last week.

The supply in the quarantine division was largely mixed low priced stuff, a few Oklahoma steers at $6.25 to $6.60. Stocker and feeder demand is broadening, shipments last week over 30,000 head, heaviest this year. A large share of these were bought at the reduction in prices, and were well worth the money. This week will be another good time to buy, a large number of plain steers selling at $6 to $6.50, middle grades $6.75 to $7.25, best grades, except fancy cattle, $7.25 to $7.75.

Hogs sold sharply lower late last week, but the market is steady to strong today, receipts 6,000 head. Heavy hogs sold at $6.50 to $7.10, one lot of hogs weighing 252 pounds to an order buyer at $7.50, one lot of hogs weighing 210 pounds at the top, $7.75, light hogs $7.25 to $7.65. The market has been uneven recently, with order buyers consistent in the prices they paid as a rule, but packers showing an urgent need part of the time, and much indifference at other times.

Order buyers secured 8,600 hogs last week, which was 29 per cent of the total supply, a feature that accounts for the premium paid here above the other markets.

Sheep and lambs have been selling around steady since the middle of last week. Receipts today are 24,000 head, market strong. About five thousand lambs sold at the top price $8.35, middle class killers around $8.10, feeding lambs $7.75 to $8.15. More than one half the receipts are feeding lambs, which are 40 to 50 cents lower than a week ago. Receipts will begin to decrease in another week or two, and this is a good time to buy. Shipments to the country last week amounted to 43,000 head. Fat ewes are selling at $5.25 to $5.75, yearlings 25 to 50 lower than last week, around $6 today.

### ST. LOUIS WOMAN SUFFERS 15 YEARS

**Mrs. Rosa Bennett Escapes Operation After Taking Wonderful Remedy.**

Mrs. Rosa B. Bennett of 2606B Olive street, St. Louis, Mo., was ill with stomach troubles for nearly fifteen years. She had a great deal of medical attention and took many treatments. She was advised to undergo an operation by one specialist.

Instead she took Mayr's Wonderful Remedy and found swift relief. She wrote:

"I was a sufferer for about fifteen years and I tried everything. I doctored with different doctors, and each one would give my trouble a different name. One said that I would never be any better until I was operated on, and another one said I had ulcers of the stomach. I could get no relief.

"I took Mayr's Wonderful Remedy. "Now I can't praise your medicine enough."

Mayr's Wonderful Remedy gives permanent results for stomach, liver and intestinal ailments. Eat as much and whatever you like. No more distress after eating, pressure of gas in the stomach and around the heart. Get one bottle of your druggist now and try it on an absolute guarantee—if not satisfactory money will be returned.

### HOW ABOUT DIRT ROADS?

**State Fair Will Answer Cheap Highway Question.**

Can a permanent earth road be made cheaply, and will a cheap road be permanent?

These problems in earth road building will be answered at the Missouri State Fair September 27, Good Roads Day. It has been pretty generally conceded that a permanent earth road can not be constructed for less than $1,000 a mile and experience has taught most road supervisors that the average cost for a permanent earth road is $1,100.

Now comes Col. John A. Hilliams, of Aurora, Mo., and proposes to construct in the State Fair grounds September 27 an earth road, saturated to a depth of 6 inches with road oil, for from $325 to $400 a mile. Part of the road will be built through a bed of flint which crops out in the section to be scarified, graded, oiled and rolled. Col. Williams will guarantee the permanency of such a road and cites the isame sort of a road when withstood the ravages of the floods at Pacific and Valley Park near St. Louis, a few weeks ago. A macadam road in the same section was ruined while the saturated road, built at a cost of little more than $350 was used the next day after the flood waters receded and will need no repairs whatever this year.

About five miles of typical earth roads will be built in the Missouri State Fair grounds September 27. Every road overseer, every county highway engineer, every good roads enthusiast and every state official has been invited to witness the road making demonstrations. They will eclipse anything ever seen in Missouri or the central west. B. C. Biggerstaff, superintendent of machinery, has signed six road machinery companies for the road demonstrations and twenty tractor concerns will furnish the power to draw the graders, scarifiers and other road machinery to be used in the demonstrations.

## NEW STREET SIGNS

**FIRST, THIRD, MAIN AND BUCHANAN GET FIRST ALLOTMENT.**

## OTHERS WILL FOLLOW

**Blue Enameled with White Letters, They Will be Handsome as Well as Useful at the Corners.**

The stranger within our gates will not have to ask the name of the streets on four of Maryville's principal streets within a few days. Work was begun today in the placing of the signs. Only 204 will be put up at this time but more will follow soon.

First and Third are the east and west streets which will be adorned. Main and Buchanan are the favored thoroughfares north and south. These streets were selected by city engineer F. L. Flynt, as being the most important four streets.

The signs are a handsome blue enameled sheet iron with the letters in white. They will be placed on the corners of buildings in the business sections and wherever practicable. Special posts will be placed for them elsewhere.

The credit for getting the new street signs is given to the Commercial Club which started the agitation for the guides several months ago. Representatives went before the city council and asked for the appropriation.

**Mr. J .B. Robinson,**
Maryville, Mo.

Dear Sir: Some think we take a good deal of risk in inviting complaints of Devoe lead-and-zinc—we authorize our agent to sell it under this guarantee:

"If you have any fault to find with this paint, either now in putting it on, or hereafter in the wear, tell your dealer about it.

"We authorize him to do what is right at our expense."

The following story tells how little the risk is:

J. H. Asher & Co, hardware dealers, Rhinebeck, N. Y, have sold Devoe from '76 to now; have sold thousands of gallons and have had just one complaint in all this time.

Three sides of a house were perfect; the fourth was as bad as the three were good.

Explanation—It rained the night before the fourth side was painted; and the painters didn't wait for the wood to dry.

What is done in such a case? Whatever the dealer, who sold the paint, considers it fair to do. We leave it to him. He may not do exactly what we should do if we were there; but we are not there. The best we can do is to leave it to him. Yours truly,

F. W. DEVOE & CO.,
New York, Chicago and Kansas City.

P. S.—Koch's Pharmacy sells our paint.
